

**FEI Calgary Chapter**  
**Mentoring, a Learning Partnership Program**  
**LEARNING PARTNERSHIP AGREEMENT**

The Mentoring relationship consists of an on-going series of discussions about topics and issues that are relevant to the Learning Partners. Sometimes discussions may involve discussing sensitive data, for example, career progression and organizational challenges.

As such, the content of these discussions is strictly confidential. Neither the members of the Mentoring Committee nor the consultant will ask you to disclose the nature of your discussions. With the prior agreement of both parties, however, you may consult with the Committee/consultant for support. It is also expected that the Learning Partners will observe the confidentiality requirements of their own organizations.

A prerequisite for being a Learning Partner in the FEI Calgary Chapter Mentoring Program is accepting the need for confidentiality by signing the following Learning Partnership Agreement.

If you agree, please sign this Learning Partnership Agreement either:

- fax it to Joan Hill, CORE Consulting at (905) 403-9033
- scan and email it to [core.consulting@sympatico.ca](mailto:core.consulting@sympatico.ca)

**I agree to honour the confidentiality of the discussions with my Learning Partner in the FEI Calgary Chapter Mentoring Program and agree that if confidentiality is compromised, I will report it to the Mentoring Committee and/or the consultant to take the appropriate steps.**
