What are the business challenges
you are trying to solve ?

What is your business strategy?

- Innovation
- Customer Intimacy
- Operational Excellence
- Altruistic

What are the people implications
of your business strategy?

What are some programs & practices you want to implement aligned to your strategy?

What resources would be required for you to deliver on your HR plan?

What would your 3 year HR planning activity roadmap look like ?

What would get in the way of
delivering your HR plan?

What is one action item you are going to take away from this session?

Questions?
