

OUR BRAND  
IS CHANGING

Hello FEI Canada Members,

In many ways, 2021 is anticipated to be one of the most exciting years Cambridge has experienced in our near 30-year history. It will be a transformational year, marking the beginning of a new chapter for our company. Today, I am excited to let you know that our parent company, FLEETCOR Technologies, Inc, is rebranding its Corporate Payments group (of which we're a part) as **Corpay**.

As an important part of our Cambridge family, we wanted to present the reasoning behind this change, and how it will impact our relationship moving forward. First thing's first: This rebrand will **not** change the way that Cambridge services our valued customers. We will continue to provide best-in-class cross-border payments and currency risk management solutions and the high level of service that customers expect from us.

### Why Corpay?

We wanted to create a brand that better reflects the evolution of our corporate payments portfolio. The Corpay brand unifies our domestic U.S. payments solutions—Comdata Corporate Payments, Nvoicepay, and Roger—with our cross-border payment solution, Cambridge Global Payments, and offers our customers the power to more seamlessly connect their finance and AP departments.

Here's some of what will initially change with the rebrand:

- You'll notice references to our rebrand on the Cambridge website;
- The newly launched [Corpay website](#) will feature our full range of solutions, including Cambridge;
- The Cambridge logo now includes the phrase "our brand is changing";
- Employee email signatures will reflect the transition to the Corpay brand.

Here is what will not change:

- The full range of best-in-class payment and currency risk management solutions we provide;
- Your usual, dedicated Cambridge account representative;
- Our legal name and entities, and therefore your existing contracts, agreements and terms and conditions with us;
- Our licensing, regulatory, auditing and official reporting structures and obligations will stay in place.

The full rollout of the Corpay brand will take place as we migrate towards exclusive use of the Corpay brand, but you'll start to notice the above changes within the coming week.

You'll find more details about the rebrand in [this FAQ](#). As part of Corpay, Cambridge's main goal will be to continue to meet our customers cross-border payments and currency risk management needs. Our team is happy to answer any questions you might have about this, so please reach out to Brad Loder at [bloder@cambridgefx.com](mailto:bloder@cambridgefx.com) any time.

We look forward to working with FEI Canada for many years to come!

Best,  
**The Cambridge Global Payments Team**
